

FEATURED FRAMES

**SAVE UP TO 50% OFF WITH
OUR IN-STOCK FRAME
SELECTIONS**

1. FEATURED SELECTIONS-

The frame you select is usually the most important and costly item in a framing project, so saving money on each frame can really stretch your framing budget.

In addition to the over 2,000 frames on our wall, we have chosen to feature over 150 frames in our In-Stock framing section. We buy these frames in special box quantities, so we can offer them to you at discount prices.

You can save 25-50% off the normal retail price year-round without any special coupons or other minimum purchase requirements. Plus, you can combine this savings with our usual 25% In-Stock matting special and our regular low prices on glass, labor and other materials.

25% -50% OFF**

ECONOMY FRAMES

**CUSTOM FRAMING AT
READYMADE PRICES WITH OUR
ECONOMY FRAME SELECTION**

2. ECONOMY FRAMES-

We realize that very few artworks fit the mould of a standard readymade size frame. You always seem to need a mat or some other creative way to make your artwork fit into the average pre-built frame. Besides, most "bargain store" ready-mades are either plastic or cheaper grade metal with cardboard backing and thin plastic sheets for glass.

But now, because of our special purchases, we can offer you a custom size frame with Nielsen quality metal (or select hardwoods) with our premium picture framing glass and foam-core backing. Best of all, we will assemble the piece for you at no additional charge so your artwork is ready to hang.*

FRAMING SHOULD BE DONE CORRECTLY

STAFF... At our design center, you'll find not only the best selection of materials but also the best-trained designers. We work with our staff to insure that they are knowledgeable about the latest techniques & color trends.

PROCESS... Many fine artworks have been damaged by improper handling or by using substandard materials. We use mostly museum quality mats, mounting techniques & quality frames, which have been hand-selected for our store. You can feel confident that your project is in good hands. We can finish most projects within 7-10 working days .

COST... While cost is an issue with any framing project, we would rather use the right materials than risk your project life to save a few dollars. We will work with you to select framing that will fit your budget while maintaining this high level of quality.

IF YOU DON'T FIND WHAT YOU
NEED IN OUR IN-STOCK
